What does an IEHA Membership do for you? Take a look...

Networking

With dozens of Chapters internationally, you have the opportunity to meet with other members in your area and network with others within the cleaning industry around the globe. Our site makes it easy to network with your peers through IEHA Unify, a social networking tool, focused on individuals involved in facility management, that allows you to post a profile about yourself, discover persons who share your challenges, communicate with other members, exchange tips and useful info, and much more.

Education

Education is the top priority at IEHA

- IEHA’s Professional Education Credentialing Programs - to gain certification or continue your education. The two special credentials offered, REH (Registered Executive Housekeeper) and CEH (Certified Executive Housekeeper), are a prerequisite for many industry positions.
- IEHA’s Frontline Program - to help managers train their staff
- Certified and Registered Executive Housekeeper designations
- IEHA’s sponsored seminars and workshops
- Continuing education articles, videos and online training
- Scholarships - available on an annual basis
